# Homestead sliding windows

The slider window is considered by many to be the best "value" window on the market. It is an economical alternative to more expensive window designs, yet offers a similar architectural appearance.

Suitable for all building styles, a slider allows you a scenic view with the added bonus of ventilation. The operable sash lifts out easily, providing the convenience and safety of interior cleaning.

Two tandem sets of brass wheels allows even the largest windows to glide smoothly and easily.

## STANDARD FEATURES

- Fully welded system
- Full line of accessory mulling profiles
- Multi-chambered 2 7/8" frame increases thermal performance and overall strength of window frame
- Two durable, keeperless cam locks
- Insulated glass with warm edge technology
- Equal glass lites
- Tandem rollers for easy glide
- Beveled face with sloped inner chamber for improved water drainage
- Half Screen

This Homestead window is also available as a custom sized remodeling window. Please specify **Homestead Replacement** on your order. This Homestead Replacement window will ship with a sill and head expander. Nailing fins will be removed.

## OPTIONS

- White or Tan
- Grilles in airspace
- Jamb extensions up to 12 9/16"
- Jamb extensions in pine, oak or royal wood (white vinyl)
- Glass options include Low E with Argon, Obscure and Tempered
